EDUCATION

Sri Eshwar College of Engineering	B.E CSE(AIML)	CGPA:7.91(upto 5 th sem)	2023 - 2027
MSP S N Memorial Hr Sec School	HSC	87%	2021 - 2023
Shri Maharishi Vidhya Mandhir	SSLC	65.2%	2020 - 2021

INTERNSHIPS

FULL STACK DEVELOPER - SYNAPSLOGIC	2025
During my internship, developed a pickle-selling e-commerce website and a facility management system that tracks real-time energy usage (electricity, water, etc.), providing alerts and recommendations to optimize resource consumption. With hands-on experience in React.js, Node.js, Express, Postgresql	
AI & DATA ENGINEERING INTERN (TRAINEE) – DIGITAL BACK OFFICE	2026
Completed a mentorship-based program in AI and data engineering, gaining hands-on experience with Python, Apache Airflow, and Streamlit. Developed a legislative watchdog application, building ETL/ELT pipelines and integrating LLM-powered Solutions using Retrieval-Augmented Generation (RAG).	

PROJECTS

TURFEASE	2025
Developed TurfEase, a full-featured web application that streamlines the process of booking sports turfs. The platform enables users to check availability, book slots in real time, and make secure online payments. Additional features include user authentication, profile management, and a smooth booking flow optimized for user convenience.	
Tech Stack: React.js, Node.js, Express, MongoDB	
HIREHUB	2025
Designed and developed HireHub, a robust platform for managing end-to-end hiring processes. The system supports job postings, candidate applications, resume screening, and interview scheduling, providing recruiters with a centralized and efficient workflow. Integrated features ensure a seamless experience for both employers and job seekers.	
Tech Stack: React.js, Node.js, Express, MongoDB	
FOREVER	2025
Developed a full-stack e-commerce clothing platform with product browsing, category filtering, cart management, and order processing features. Implemented user authentication, product CRUD operations, and RESTful APIs for dynamic product management. Built a responsive frontend and optimized backend services to ensure smooth user experience and scalable performance.	
Tech Stack: React.js,Tailwind-Css, Node.js, Express, MongoDB	
FLEXIVERSE	2024
Collaboratively developed an intelligent learning platform that delivers personalized curricula based on individual learning preferences and capabilities. The system includes dynamic course recommendations, real-time progress tracking, and interactive content delivery.	
Tech Stack: React.js, Node.js, Express, MongoDB.	

CERTIFICATIONS

AWS CLOUD PRACTITIONER	AWS	2026
Buisness Intelligence Using PowerBi	SkillNation	2025
Completed Web Development course	GUVI	2025
Data Manipulation Using Pandas	Kaggle	2024
Data Visulization Using Matplotlib	Great Learning	2024
Mastering Data Structures And Algorithms	UDEMY	2024
Completed C, C++, Python with Data Science, Java	COGTIS TECHPVT LTD	2023

ACHIEVEMENTS

LeetCode |Max Rating - 1478|Solved –**400**
CodeChef | Max Rating - 1315 | 3 Star Coder | Solved – **120**
HackerRank| Rating – 1880 | 4 Stars Coder | Solved **-80**

TECHNICAL SKILLS

Languages: C, C++, Java, Python
Libraries/Frameworks: HTML5, CSS3, Tailwind CSS ,JavaScript, React, NodeJS,Express,Graph-QL
Tools: VS Code, Git, GitHub, Canva, Figma, MS Office, Power BI, Postman,Pycharm,AI Tools(Cursor,Copilt,Augment,AntiGravity)
Cloud/Databases: MySQL, MongoDB
Core Concepts: DSA,Object-Oriented Programming (OOP), Operating Systems, DBMS
